Dear Sir,

**DESIGN, SUPPLY, INSTALLATION, COMMISSIONING AND OPERATION OF REVERSE OSMOSIS
PLANT AT BIYAGAMA EXPORT PROCESSING ZONE**

Addendum No. 06

With reference to the Request for Proposals (RFP) document collected by you in connection with the above, the annexed Addendum No. 06 is also issued with regard the queries made by some of the interested proposers in addition to the Addendum No. 01, 02, 03, 04, & 05 which have already been issued.

Thank you

Yours faithfully

BOARD OF INVESTMENT OF SRI LANKA

A.K jayasinghe
DIRECTOR (ZONE) BEPZ

-/gg

NAME OF PROJECT : DESIGN, SUPPLY, INSTALLATION, COMMISSIONING AND OPERATION OF REVERSE OSMOSIS PLANT AT BIYAGAMA EXPORT PROCESSING ZONE

Addendum No. : 06

| Item No | Item/Comments/Decision | Action by | Target date | Out come |
|----------------|--|------------------|--------------------|-----------------|
| 1. | <p>Q) Is basic services (electricity access, Drinking water connection, drainage connection) provided by Client for the construction phase on the mentioned 3 sites for Reverse Osmosis Plant</p> <p>A) Power supply should be obtained from Ceylon Electricity Board and water supply will be provided by the BOI during the construction phase. Septic tank / soakage pit arrangement is preferred in sewage disposal during the construction phase. The cost for above services should be borne by the proposer.</p> | | | |
| 2. | <p>Q) Please provide the requirements for road, landscaping and external lighting if any.</p> <p>A) No specific requirements for road, landscaping and external lighting other than a normal access for vehicles to enter the premises.</p> | | | |
| 3. | <p>Q) Who is responsible for clearing the sites and accesses to the sites for the selected one among the mentioned 3 for Reverse Osmosis Plant? Who is bearing the costs associated?</p> <p>A) Cost for site clearing and provision of access to the selected site should be borne by the proposer.</p> | | | |
| 4. | <p>Q) It is unclear if a performance security is requested by the BOI. The ITB No. 30 refer to Data Sheet for the amount and the deadline of the performance security. However, nothing related to Performance security is mentioned in the Data Sheet. The Section 7 - Form of Performance Security - does not address the value and deadline neither.</p> <p>A) Performance Security will be requested from the successful proposer. As per Section 02: Instructions to Proposers, item 30 "the performance security shall be valid until a date 28 days beyond the Intended Completion Date of the Contract."</p> <p>Value of Performance Security is generally up to a limit of 5% of the respective contract sum.</p> | | | |
